Kaiser Permanente Child Health Plan Open Enrollment in Los Angeles County

Kaiser Permanente Child Health Plan (KPCHP) provides low-cost healthcare for uninsured children from birth to 19 years old who are ineligible for public healthcare coverage such as Medi-Cal. Children must live within an area that is covered by Kaiser Permanente, have a family income below 300% of the Federal Poverty Level, and must not have government or employer sponsored coverage (or have lost their coverage) within 90 days of the KPCHP application.

KPCHP is currently accepting enrollments for Los Angeles County. Providers interested in assisting their clients with enrolling should refer them to one of their local Certified Application Assistant (CAA) office locations on the attached list, or through the following link:
